There's a **SUPERIOR** Blade for Every Machine

EN13236

Ongoing development provides increased performance on existing products, and INNOVATIVE new diamond solutions.

Blades conform with Australian, European and UK Safety Standards.

Safety doesn't stop there - Products undergo rigorous safety and vibration testing at both our Research and Development department, as well as in the field.

NEW GENERATION BLADES provide much, much more for much less. This is why we are known as the inventor of the SUPERIOR & SUPERIOR SUPERFAST

Reinforced steel flange for SUPERIOR strength beyond belief.

All our products are backed by our 'NO QUIBBLE' GUARANTEE so you can buy with total confidence.

A Cut Above The Rest
